

USE YOUR NDIS FUNDING TO BUILD YOUR OWN COMMUNITY OF PAID SUPPORT

**The support you need
to live your life
can come from a range
of places.**

**Now, there's one place
where you can bring them
all together.**

BetterCaring.com.au
is an online community where
you can build and manage
your own team of paid
supports.

- ➔ It's a new model that allows you to set up the right support for your life, with the people you choose.
- ➔ It gives you total control, choice and flexibility, and helps your funding go further.

Better Caring is the new way of doing things. It allows me to simply manage my funding and offers me the flexibility I need to live my life.
Grant

It's time to take a different view

Your NDIS package is designed to enable you to build a crew that's as individual as you. Now is the time to think differently about where you get your supports.

Have you considered the possibilities that exist all around you?

Every day we engage supports from a variety of places. Some might come from a local business, others are a little more specialised, and some we might find amongst our friends and community.

The freedom to use your funds to access support how and when you'd like, is what full economic and community participation is all about.

See it come to life with Better Caring.

Better Caring is very empowering and helps fashion life how I would like it to look. Having been with a few service providers now, I know the difference.
Suzie P.

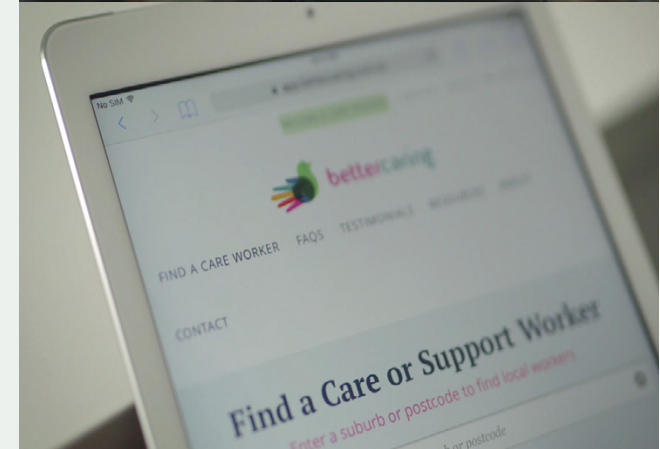

How Better Caring works

- 1** We work with you to discover what support you already have, or might need in your life.
- 2** We provide you with a direct connection to an existing online community of independent support workers to choose from.
- 3** We help you to identify any existing supports you would like to retain & manage through the platform.
- 4** You agree the rates and schedule that work for you, easily managing and paying your team all online.

Ben's story

Ben came to Better Caring with the aim of getting out and about as independently as possible in his local community.

1

First up, Ben connected with support worker Lisa, who could help him select and coordinate his wider team.

2

Ben & Lisa identified workers from within the Better Caring community who could support Ben.

3

Ben's friend, a personal trainer, helps out with his fitness, so he engaged him through the platform as part of his team.

Since joining Better Caring, Ben has built a team that supports him to attend TAFE and take part in his local tennis club. Down the track, he's set his sights on developing his microbusiness.

What you need to get started with Better Caring

The desire to create something new.

We can work with your existing coordinator of supports or plan manager, or suggest partner coordinators who can help you access the Better Caring community and build your team.

If you are NDIA managed, it's still possible to work with Better Caring.

Sign up for free today at bettercaring.com.au to begin looking for your team.

Better Caring is the new way of doing things. Don't accept the old.

To join the Better Caring movement, call us on 1300 73 65 73.

At Better Caring, we're committed to safeguarding our community.

We have a strict onboarding process for each support worker on the site.

- * Police, reference and key qualification checks.
- * Working with Children checks.
- * Nurse registration check.
- * Assistance with medication check.
- * Personal care qualification checks.

Insurances are arranged on behalf of your workers through Zurich.

- * Public liability.
- * Professional indemnity.
- * Group accident insurances.

You can read and share reviews of workers on the platform.

- * Workers are ranked in search results based on client feedback.
- * Time sheets, payments and shift notes are all managed online.
- * All your records are managed seamlessly on the platform.

Call us on **1300 73 65 73** for a free phone or in-person consultation to find out more about how you can use your NDIS funding with **Better Caring.**
